NOTICE TO THE PUBLIC

I want to say that the report printed in the Republican paper that I was going to prosecute Stanley Dormitzer is not so. My son did take out a policy with Dormitzer and he has still got it. I · like Dormitzer and our affairs are settled right for both of us.

CHARLES BLATTNER

Since I came to Cape Girardeau I have limited my advertising with The Tribune, and have found that it was the only medium here that would get results. I have given The Republican a small amount of advertising, but it did not increase my business, and I therefore confined my advertising to The Tribune alone.

The Republican, therefore, attacked me in a criminal manner, and I have asked Mr. Blattner to say to the public that the charges made against me by The Republican were untrue. His statement sets forth the facts. I did not advertise in The Republican before, and I will not be forced to use its colums by its blackmailing tactics.
